2nd primary school of Grevena Greece

We walk one bridge,

All Europe kids,

Greece, Poland and French

All different, all friends!

Bridges here, bridges there,

our life is full of bridges everywhere.

Real and imaginary
bridges of connection,
not of separation.
Let's build bridges together
and have friendships forever!

3RD PRIMARY SCHOOL GREVENA, GREECE

Haiku poems

Old stone bridges
under the big blue sky
connecting people.

Bridges straight, bridges arched
remnants of a glorious past
grieving for their lost glamour.

Bridges big and small
bridges new and old
holding years on their stones
bridges full of love ,passion and pain
bridges, where people used to meet
bridges made not in vain.

***Private Primary School DDMN (Hellenic Navy Logistic
Command), Hania Greece***

We are here, you are there

Bridges connect us

And offer the air

The air of happiness

And collaboration

The path of creation

And communication!

poem: bridge - rainbow

Beautiful weather today.

Ania looks in the blue sky.

At night it rained, and now the Sun is shining,
beautiful rainbow smiles to children.

Ania calculates colors:

red, orange, yellow, green,

blue, dark blue and purple.

She closes her eyes and sees,

colorful flowers, the bridge between two worlds.

First: magical, enchanted, mysterious, rich, colorful and fairy-tale.

Second: real, normal, global.

You have to go back to reality.

Everyone should have beautiful dreams ...

I am here..., you there...

far..., very far...

what we have in common?

bridge, which is called

eTwinning... :)

ja tu..., ty tam...

daleko..., bardzo daleko...

co nas łączy

most, który nazywa się

eTwinning... :)
